BANK AL HABIB LIMITED

CAPITAL ADEQUACY, LEVERAGE AND LIQUIDITY DISCLOSURES - CONSOLIDATED

AS AT 31 DECEMBER 2020

CAPITAL ASSESSMENT AND ADEQUACY

Capital adequacy

As per requirements of SBP, the Bank is required to comply with the capital adequacy framework which comprises the following capital standards :

i) Minimum Capital Requirement (MCR):

The MCR standard sets the paid-up capital that the Bank is required to hold at all times.

As of the statement of financial position date, the Bank's paid-up capital stands at Rs.11.114 billion as against the required MCR of Rs. 10 billion.

ii) Capital Adequacy Ratio:

The Capital Adequacy Ratio (CAR) assesses the capital requirement based on the risks faced by the banks. The banks are required to comply with the CAR as specified by the State Bank of Pakistan on standalone as well as consolidated basis.

During the year 2013, SBP revised the instructions on the computation of CAR based on Basel III Capital Reform issued by the Basel Committee on Banking Supervision. Accordingly, the Bank has assessed and reported its Capital Adequacy Ratio in the financial statements.

The CAR on the basis of above framework works out to be as follows:

	2020
Required CAR	11.500%
CAR on stand-alone basis	15.094%
CAR on consolidated basis	15.179%

The Bank calculates capital requirement as per Basel III regulatory framework, using the following approaches:

Credit Risk	Standardised Approach
Market Risk	Standardised Approach
Operational Risk	Basic Indicator Approach

iii) Leverage Ratio:

The leverage ratio comprises Tier 1 capital to total exposure, which includes on balance sheet exposures and credit equivalent of certain off balance sheet exposures adjusted by the regulatory credit conversion factors. The Bank's current leverage ratio is 3.993% which is above the current minimum requirement of 3% set by SBP.

Scope of application

The Basel III Framework for capital adequacy is applicable to the Bank both at the consolidated level (including subsidiaries) and also on standalone basis. Bank AL Habib Limited is the only bank in the Group to which Basel III capital adequacy framework applies. The Bank has ownership in the following subsidiaries, where the Bank holds more than 50% of voting shares as at December 31, 2020:

Name	Type of entity	Country of incorporation
AL Habib Capital Markets (Private) Limited	Financial	Pakistan
AL Habib Asset Management Limited	Financial	Pakistan

The assets, liabilities, income, expenses and cash flows of above subsidiaries are included in the consolidated financial statements and also consolidated for regulatory capital adequacy purposes.

Capital structure

The Bank's Tier 1 capital comprises paid-up capital, statutory reserve, special reserve, general reserve, unappropriated profit, perpetual non cumulative term finance certificates, and is adjusted for deductions in respect of intangible assets, shortfall in provision against classified assets, deficit on revaluation of investments, deferred tax asset, direct or indirect investment in own shares, CAP 2 deductions, investment in mutual funds exceeding the prescribed limit, and is adjusted for reciprocal cross holdings in Tier 1 instruments.

The Bank's Tier 2 capital includes subordinated loans, general provisions, revaluation reserves, and exchange translation reserve and is adjusted for reciprocal cross holdings in Tier 2 instruments, CAP 2 deductions, and direct or indirect investment in own TFCs.

#### Credit risk: Disclosures on portfolio subject to Standardised Approach - Basel Specific

The Bank uses the ratings issued by The Pakistan Credit Rating Agency Limited (PACRA) and JCR-VIS Credit Rating Company Limited (JCR-VIS) for its local currency exposures and ratings issued by Moody's, S&P, and Fitch for its foreign currency exposures. These External Credit Assessments Institutions (ECAIs) have been approved by SBP.

For foreign currency claims on sovereigns, the Bank also uses risk scores of Export Credit Agencies (ECAs).

#### Credit risk: Disclosures on CRM for Standardised Approach - Basel Specific

Eligible collaterals used by the Bank for credit risk mitigation are cash margins and cash deposits, government securities, financial guarantees, listed shares, and other listed, quoted or rated securities. The Bank requires perfection of collaterals by marking lien on cash margins and deposits, pledging of shares and other securities and verifying the authenticity of guarantees received. Shares and securities including marketable government securities are taken at market value and other government securities are taken at encashment value. Appropriate hair - cuts are applied as per Basel regulatory framework. Among the mitigants used by the Bank, there is concentration in cash margins, cash deposits, and sovereign guarantees.
